**\*TERMS AND CONDITIONS**

1. For a solar water heater to be eligible for Renewable Energy Certificates, the unit must:
  - a. be a complete model listed in the register of a solar water heaters ([www.orer.gov.au/swh/register.html](http://www.orer.gov.au/swh/register.html)); and
  - b. have been installed within the eligibility period for the particular model (as listed in the register of solar hot water heaters); and
  - c. have been installed in the last 12 months – ie REC's may only be created within 12 months after the installation date:
    - SWHs installed before the 6<sup>th</sup> October 2007 must have a single installation date;
    - SWHs installed on or after 6<sup>th</sup> October 2007 have a 60 day installation period, ie . the SWH must completely installed within 60days from the date the first component of the SHW was installed . The installation date is taken to be the day the heater is first able to produce and deliver hot water heated by solar energy
2. By signing this form, I assign the rights for this installation to create Renewable Energy Certificates for the above system to Dux Manufacturing Ltd. In exchange for payment to be received by me which is equal to the value of the Ecosmart quoted price for RECs at the time of installation.
3. I understand that I will not be able to sell or assign to anyone else my rights to these certificates and any other rights that that may be associated with the reduction of greenhouse gas emissions
4. Where I am registered for GST, I understand that any payment made to me is inclusive of GST and is for the assignment to my rights.
5. I agree that I will not be entitled to any payment if my assignment is invalid or if Dux Manufacturing Ltd cannot create or register the certificates. If payment has already been received by me, I agree to reimburse the full amount to Dux Manufacturing Ltd.
6. I agree that the Office of the Renewable Energy Regulator (“ORER”) and/ or Dux Manufacturing Ltd or its appointed agent can inspect my system within the first five years of operation.
7. I have checked that the details on this form as well as the installation report are correct
8. I understand that the information on this form will be made available to Dux Manufacturing Ltd, EcoSmart Hot Water and ORER and the AGO but will not be used for any other purpose but to create, check or audit Renewable Energy Certificates or to verify eligibility under the SWH Rebate Program.
9. I understand that there may be penalties applied for providing misleading information in this form under the Renewable Energy (Electricity) Act 2000.

**In order to calculate the number of certificates applicable and the certificate value,  
please contact EcoSmart of 13 33 26. Further information regarding RECs can be
